

Wood Plank

Stamp size is 16"x72".

Capture the realistic look of heavy wood plank flooring in durable concrete with the **Wood Plank** texture stamp pattern.

The 8" wide planks have a deep, attractive texture that responds well the accent color release, giving contractors the option of creating a worn, aged wood floor. This patterns allows patio furniture to sit solidly without rocking on the textured surface. In the right setting, the **Wood Plank** texture is a terrific choice for property owners and contractors alike.

Make this texture pattern part of your future presentations. You'll be pleased with the results.
